

6. Effect of Request on Applicant – What specific problem(s) would be created to you as petitioner if your request is not granted? What are the unique or exceptional conditions that apply to this property?

7. STANDARDS FOR GRANTING A VARIANCE:

a. Why will the granting of the variance not adversely affect the purposes or objectives of the Zoning Ordinance and why will the granting of the variance not be contrary to the public interest?

b. How is the variance necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same zone and vicinity?

c. Why will the granting of variance not cause any adverse effect to property in the vicinity or in the Zoning District or in the Township? Will it create any problems or concerns to property in the area?

d. What exceptional or extraordinary circumstances or conditions exist with the property that have not resulted from any act of the applicant?

I understand that if the requested variance is granted, I am in no way relieved from all other applicable requirements of the Melrose Township Zoning Ordinance. It is also understood that any approval by the ZBA involving site improvements, use, and/or construction does not relieve the applicant from obtaining other applicable authorizations (for example, site plan, building, health department, soil erosion, and engineering approval, etc.).

I authorize Melrose Township (staff, appointed board, Trustees, or committee members) to enter upon the subject property for purposes of making inspections related to the project or request identified in this application.

I certify that all the above information in this Zoning Variance Application is accurate to my fullest knowledge.
